

Mandeep Singh Pruthi

2023308, Email: mandeep23308@iiitd.ac.in

DOB: November 17, 2004

Address: C-8/2 Krishna Nagar, Delhi

Education

Indraprastha Institute of Information Technology, Delhi

B.Tech(CS with Design)

2023 – 2027(Present)

CGPA: 6.81 / 10

(till 5th Semester)

Bharti Public School, New delhi

CBSE

2019 – 2020

Percentage: 86.3

Bharti Public School, New delhi

CBSE

2021 – 2022

Percentage: 86.4

Skills

Expertise Area

Data Structures, Algorithms, Object-Oriented Programming (OOP), Database Management, Game Development, UI/UX Design, Human-Computer Interaction

Programming Language

C++, Python, Java, C, SQL

Tools and Technologies

Git, GitHub, IntelliJ IDEA, Visual Studio Code MySQL / PostgreSQL, Object-Oriented Design

Technical Electives

Operating Systems, Advanced Programming in Java, Data Structures and Algorithms, Human Computer Interaction, Design Processes and Perspectives, Algorithm Design and Analysis, Database Management Systems (DBMS), Computer Organisation, Artificial Intelligence, Computer Networks

Projects

Shooting Birds game

Guide: Sambuddho Chakravarty

(Oct,24)

Team Size- 2

Created an engaging interactive shooting gallery game where players aim to hit animated birds. Developed using Java libgdx, this project showcases skills in real-time animation, user interaction, and dynamic game mechanics.

Air Edge: Virtual Air Hockey (Projector Based)

(Apr,25)

Guide: Kalpana Shankhwar

Team Size- 3

Developed an interactive air hockey game using Python and OpenCV that integrates real-time hand tracking with projection mapping. The system captures player movements to control the mallet and simulate on a projected playing surface, blending physical interaction with digital gameplay.

Byte Me

(Nov,24)

Developed a comprehensive Java-based application that enables users to browse and order food items from a restaurant menu while providing an admin interface for managing menu items, orders, and daily sales reports. The system features intuitive user interactions, real-time order tracking, and leverages key Java OOP concepts such as inheritance, encapsulation, and collections.

Retro PC Game - PacMan

(Dec,24)

Developed a classic PacMan game clone using Java swing, emphasizing maze navigation, self-moving ghosts, and responsive controls. This project demonstrates proficiency in game logic, real-time animation, and interactive design.

Interests and Hobbies

- [Codeforces](#) (max Rating 1163) solved 190+ problems
- [Leetcode](#) (max rating 1581) solved 130+ problems

Declaration: The above information is correct to the best of my knowledge.
